

Creating a Wix account has been a relatively smooth experience however the easiest part was to name the site itself. The website is extremely user friendly regarding picking a website name that was not already taken by another user. On the other hand, one of the more challenging tasks when creating a Wix account was the design of the webpage itself. There are many options to choose from, however, it can be quite overwhelming with the number of possibilities. In the result of my current experience with using Wix my confidence levels for my profession online presence have increased. Prior to this class I was not aware of ePortfolios and I am excited to learn more!

Furthering professional image, I believe my social media presence has had a positive impact on my overall image as a person/leader. I tend to be very cautious of what I post mainly due to me being in a current leadership position. Furthermore, this prevents any assumed biases from direct reports or others that I work with. In all, I have learned an exceptional amount in my first week
